

Move-Out Checklist & Important Instructions

Dear [Tenant Name],

As your tenancy at **[Property Address]** is coming to an end, we would like to provide you with a clear move-out checklist to ensure a smooth process and to avoid any delays with your bond refund.

Important Information Before You Move Out

1. Bond Refund Form

Please make sure of the following:

- Your bank account details are correct
 - Your signature matches the original bond lodgement form
 - All tenants who signed the original bond form have signed the refund form
 - If you are not sure, please contact me immediately
-

2. ICP Number

Please send me your ICP number.

3. Final Water Bill (if applicable)

We will send you the final water invoice after you move out.

Please advise whether you would like this:

- Deducted from your bond, or
- Paid directly to our account.

The sooner we know, the faster we can process your bond.

4. Final Rent Payment

Attached is your rent summary, which shows how much is owed up to your move-out date.

Please ensure full payment is made before you leave.

☞ **Remember to CANCEL your automatic payment once you vacate.**

If rent continues coming through, administrative fees may apply for processing refunds.

5. Final Inspection

Attached is your Entry Inspection Report so you can compare the condition of the property when you first moved in. Please make sure you double check your chattel list. Please do not leave any belongings behind.

You may clean the property yourself or contact our trusted cleaner **Zaw** 021 1700046 for a free quote. He understands our cleaning standards and can help prevent any return visits for touch-ups.

6. Bond Refund Timeframe

- After we complete the final inspection and receive the meth test result, full rent and final water payment, we will process your refund: **3-5 working days**.

- Bond Centre processing time: **15 working days**

Total waiting time may be **18–20 days**.

If the property is not up to standard, this may cause further delays.

7. Damages

If any damage occurred during your tenancy, please let me know.

I can recommend reliable tradespeople who can repair the issue before your departure.

8. Keys

Please return all keys to our office before 6pm on your last day.

Make sure you check how many keys you received at the start of the tenancy.

If you are unsure, please contact me.

9. Deductions from Bond

If you prefer to have water, cleaning, or damage repair costs deducted from your bond, please let us know in advance.

Thank you for taking care of the property during your tenancy.

We wish you all the best in your next home!
